QP-26-03-24-01

This certificate confirms compliance with the requirements for formaldehyde emissions in accordance with **Commission Regulation (EU) 2023/1464 of 14 July 2023**, amending Annex XVII (Entry 77) to the **REACH Regulation (EC) No 1907/2006** concerning formaldehyde and formaldehyde releasers, the provisions of the **Third Party and Certification Agreement No. WBP-2026-01-16-01** (Order No. 2126016), and the rules and requirements of the voluntary **REACH FA 2026 certification program**, and is valid for the following product:

STIGA RM Birch plywood
plywood, unfaced, PF-glued
in the nominal thickness range of 6.5 mm to 50 mm

manufactured by
STIGA RM Ltd.

at its manufacturing site
1 Meistaru Street,
LV-3301 Kuldiga, Latvia

Within the scope of the certification program,

Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH),
Zellescher Weg 24, D-01217 Dresden, Germany,

verified that the manufacturer's quality assurance and quality control procedures comply with the applicable requirements of the REACH FA 2026 certification program

Based on the supervision conducted on 21 January 2026 and on the **supervision report 2126016/2026/I1/PW/REACH/IKEA181** of 24 March 2026, it is hereby confirmed that the above-mentioned product fulfils the applicable requirements for formaldehyde emissions.

This certificate was issued on 24 March 2026. It remains valid provided that continuous supervision and regular product testing are carried out by EPH, and that the requirements and conditions under which this certificate was issued do not change substantially.
